Technical sheet

Laser leveler - Full Self Levelling Rotary Laser

Marque: DEWALT

Ref Product: wire:DW075PK-XJ

Ref Mcmining: DEWALTDW075

DESCRIPTION	
	Application Kit complete with DW075 Transmitter, laser detector, wall mount, laser target card, laser enhancement glasses, construction grade rod, construction tripod and heavy duty carrying case. Features: Fully automatic horizontal and vertical rotary laser - Levelling accuracy of 0.2mm/m - Protected rotary head with no blind spots and weatherproof design deliver class-leading interior and exterior jobsite durability - Wireless (IR) remote control operated scan mode generates a line between two points for an extremely bright beam over long distances which can then be moved by the user leaving hands free - Remote control allows single person operation over long distances - Built in beam splitting prism allows easy squaring applications - Wall mount allows the laser to be attached to a wall for drop ceiling installation - The digital detector facilitates accurate and easy exterior levelling over distance - Heavy duty carrying case protects unit and helps maintain calibration in storage - Comes with: DW075 transmitter - Laser Detector - Wall mount - Laser target card - Laser enhancement glasses - Heavy duty carrying case - Construction grade rod - Construction tripod - Product SPECIFICATION Laser class: 3R, <5mW - Levelling accuracy: +/- 0.2 mm/m - Self-levelling range: +/- 5 º - Indoor visibility range: 15 m - Max. Working Range with Receiver: 100 m - Rotation speed: 0, 60, 600 rpm - Sloping range in X and Y axis: n/a º - Power Source: 2 x D - Tripod connection: 5/8" - Total Shipping Weight: 20kg
