Technical sheet

Gloves - Scorpio® - Chemical and heat resistant (neoprene - thermal liner)

Marque: ANSELL

Ref Product: wire:19-024-10

Ref Mcmining: GAN19-024/10-ANSEL

Descriptions
Chemical and heat resistant gloves, neoprene coated with thermal liner.
ScorpioÂ® gloves combine the flexibility and chemical resistance of neoprene with the comfort and heat resistance of a soft thermal liner. They are designed to protect the users in applications where thermal and chemical risks are present
Excellent mechanical and chemical properties. Unaffected by detergents and cleaning solutions. Excellent protection against greases and oils. Superior flexibility and grip
Comfortable insulating double liner. Provides protection from intermittent contact with hot surfaces up to 180Â°C
REMARKS
Caution: Do NOT use the gloves in or around open flame
Product Specifications
Coating material Neoprene
Construction Lined
Cuff style Gauntlet
AQL (EN374) 1.0
EN Size 8,10
Thickness mm Not applicable
Liner Material Double insulating liner
Grip Design Rough Finish
Colour Black
Powder free Powder-free
Length mm 450
Packaging 1 pair in a bag; 12 bags in a carton
