Technical sheet

Measuring wheel Nivel System M100 Digital

Marque: NIVEL SYSTEM - EU

Ref Product: wire:M100-Digital

Ref Mcmining: NIVELM100DIGI

DESCRIPTION	
Measuring wheel Nivel System M100 Digital	
M100 Digital	
- Durable, quick to use - Irreplaceable in field works - Nivel system M100 digital - Digital Masuring wheels – accurate devices for road measurements that are fast to use - Rugged structure made of aluminium and plastic - Stable kickstand - Folding aluminium rod with a handle design that fits precisely any hand - Yellow – and thus easily noticeable – wheel made of plastic - Large and clear digits (LCD) - Easily resets numbers to “0” with just one move of the lever - Subtraction when in reverse motion - Measures distances up to 9 999,99 m - Durable storage bag (protects the device during its transport)	
SPECIFICATION	
Wheel size	1m (circuit), 320mm (diameter)
Minimum measurement length	1cm (or 1 inch)
Maximum measurement length	9999,99m
Signs (measurement indicator)	6 digits
Reset	yes
Footer	yes
Dimensions	0,98m (storage size: 0,52m)
Weight	2,5 kg
