Drive Air Impact Wrench - speed 10500 rpm

Marque: PROTO

Ref Product: wire:J138WP-J150WP.C

Ref Mcmining: PRJ138WP - PRJ150WP.C

Features

- **Titanium** housing helps to reduce weight, improve balance and ensure maximum durability.
- Three position power regulator for forward rotation. Reverse rotation operates at maximum for highest breakaway torque.
- Machined motor housing reduces number of parts, creating precision alignment, reducing wear, increasing efficiency and simplifying maintenance.
- 360º Rotating Air Inlet Fitting.

MADE IN USA

Ref	Ref Mc Mining	Drive size	Breackaway torque (ft.lb)	Weigth (lb)	Length (inch)	Average air consumption (cfm)	Blow rate (bpm)	Free speed (rpm)
