3/4" DRIVE METRIC STANDARD LENGTH SOCKETS - 6 POINT

Marque: PROTO

Ref Product: wire:J07550M

Ref Mcmining: PRJ07550M

Specification:	- Proto® 6 Point Impact Sockets are ideal for use on stubborn or damaged fasteners, and also on fasteners made from soft materials. - The TorquePlus™ design is a high performance drive configuration which allows for quick and easy socket engagement to the fastener flats, not the corners. - The TorquePlus™ configuration employs a radius-corner design, shifting contact area and stress away from the fastener corners and distributing contact stresses over a large area of the socket, minimizing slippage. - The TorquePlus™ internal design minimizes fastener rounding, helps to extend fastener life, and allows the user to more easily turn worn, rounded, or rusted fasteners.
Size:	mm : 50 - B : 74.7 - C : 44.4 - D : 31.8 - E : 44.9 - L : 79.2
Weight lbs.	3.16
AMSE Spec.	ASME B107.33M
