| **DESCRIPTION** | |
|---|---|
| DWE4212-B5 | |
| 115mm 1200W Angle Grinder Paddle Switch | |
| **Features** | |
| A non locking paddle switch ensures the grinder switches off automatically when the unit is released<br>High effeciency motor design improves performance in demanding applications<br>Dust ejection system removes majority of debris from the air which passes over the motor, preventing abrasion and tracking<br>Small girth allows user to maintain a comfortable grip, resulting in superior ergonomics<br>Anti-vibration side handle to improve user comfort<br>The compact gear case allows access to confined areas<br>Fully leaded stator windings for increased motor durability<br>Pop off brushes protect the armature from damage at the end of brush life resulting in greater motor durability<br>Abrasion protected motor for increased durability<br>Anti lock flange prevents the flanges from permanently locking up and locking the disc on<br>Recessed spindle lock design allows max depth of cut and greater protection to button when using in confined spaces | |
| **Includes** | |
| (1) 115mm Protective guard<br>(1) 125mm Protective guard<br>(1) Inner and outer disc flange<br>(1) Spanner<br>(1) Multi positioned anti vibration side handle | |
| **Specifications** | |
| Diameter [Metric] | 115 mm |
| Disc Diameter [Metric] | 115 mm |
| Power Source | Corded |
| Number of Pieces | 1 |
| Power | 1200 W |
| Is it a Set | No |
| Packaging | Carton |
