Description
DEWALT DT2154 EXTREME T Shank Metal Cutting Blades for fast cutsin steel up to 6mm thick.
Also for aluminium, copper, brass and other soft metals from 3-5mm thick.
Product Details
DeWALT, T-Type Shank, Extreme
T-Type shank blades
Stronger than conventional blades, withstanding higher side loads, reducing breakage and wandering
Tooth design removes debris quickly and efficiently, delivering superior material surface finish
Reinforced design offers longer life than standard blades
Specifications
Cutting Length : 51mm
Model : DT2154
Number in Pack : 3

Tooth Pitch : 1.8mm
Shank Type : T-Shank
Application : Aluminium; Copper; Brass; Soft Metal
Blade Material : HSS
Bimetal : Yes
Overall Length : 82 mm
