Mc MINING GROUPE PICHORI Quality First

LEADER IN INDUSTRIAL TOOLS & EQUIPMENT

Technical sheet

Circular Saw 2-18v-4Ah Li-ion Batteries 165mm Blade

Marque: DEWALT

Ref Product: wire:DCS391M2

Ref Mcmining: DEWALTDCS391M2-QW

Product Description
- DeWALT DCS391M2 Circular Saw 18v full power through 4Ah lithium technology slide fit batteries plus a multi voltage charger and 165mm TCT blade part of the XR Lithium DeWALT range. - These zodiac premium Circular Saws use powerful and highly efficient PM58 DeWALT fan cooled motor with replaceable brushes capable of delivering up to 3700rpm giving the trade fast clean cuts. - The extremely durable tool design includes a cast magnesium base for repeated accurate cutting with the ergonomic handle set with a rubber overmould increases comfort and safer use. - These DCS391M2 circular saws use an intelligent trigger action and keyless bevel angle with depth of cut adjustment and easy to read scale for maximum cordless versatility. - These DeWALT Power Tools use an ultra thin kerf 165mm 24tooth carbide tipped blade allowing for efficient runtime and fast, smooth cut finish allowing 55mm depth of cut
Specification of 18v DeWALT DCS391M2 Circular Saws
- 2 x 18v x 4Ah li-ion slide type batteries
- Multi voltage charger for use with 18v, 14.4v and 10.8v slide type batteries
- XR Lithium power tools
- No load speed 3700rpm
- Bevel capacity 50deg
- 165mm x 24tooth carbide blade
- Spindle lock switch
- Easy blade change
- Lock off switch
- Electronic motor brake
- Maximum depth of cut at 90deg 55mm
- Maximum depth of cut at 45deg 42mm
- Rubberised grip
- Hex key
- Carrying case
- Size l x h 360mm x 240mm
- Weight 3.8kgs
