Technical sheet

WELDER MMAE TIG LIFT INVERTER - SUPER 180 FIFT

Marque: STANLEY

Ref Product: wire:64173

Ref Mcmining: SOUD64173-STANLEY

Descriptions

Welder with inverter technology.
Lightweight, compact and reliable.
Suitable for rutilic electrodes, basic, cellulosic, stainless steel, cast iron.

Technical specifications

Input voltage 50-60Hz	Absorbed power P60% KVA	No load voltage Vo (V)	Welding current I2(A) (min - max)	Â Duty cycle Xn/I2(A)40°	Â Duty cycle X20°C
230V	3,2	90	5-160 A		160A@30%
